### **Internship Opportunities Sought for Summer 2007 Undergraduate Scholars**

NOAA Office of Education (OEd) is seeking NOAA offices and programs nationwide to host Undergraduate Scholarship recipients in the Educational Partnership Program (EPP) and Hollings Scholarship Programs. One hundred and forty internship opportunities are being sought for scholarship recipients to participate in a 10-week paid internship in NOAA-related research, technological, policy, management, and education activities beginning May 29, 2007.

The Scholarship recipients receive an OEd funded award that includes academic assistance, a 10-week paid internship, housing assistance, approved conference travel, and round-trip travel to the internship site.

Host offices are requested to identify a discrete project that the undergraduate scholar can complete within a 10-week timeframe. Internship Opportunity Forms used to identify a project may be found at [http://www.oesd.noaa.gov/internship\\_opportunities\\_07.html](http://www.oesd.noaa.gov/internship_opportunities_07.html).

Undergraduate scholars are U.S. citizens, full-time undergraduate students majoring in NOAA-related disciplines, including, but not limited to, oceanic, environmental and atmospheric sciences, mathematics, engineering, physics, hydrology, remote sensing technology, physical and social sciences including geography, or teacher education that support NOAA's programs and mission.

The NOAA Undergraduate Scholarship Programs provide NOAA with a valuable mechanism to achieve its vision, mission and goals of the NOAA Strategic Plan. The Undergraduate Scholarship Programs support the Agency's cross-cutting priorities of "promoting environmental literacy" and "developing, valuing and sustaining a world-class workforce."

To host an undergraduate scholar submit a completed Internship Opportunity Form to NOAA Office of Education Educational Partnership Program via e-mail at [StudentScholarshipPrograms@noaa.gov](mailto:StudentScholarshipPrograms@noaa.gov) by September 29, 2006.

For more information on the EPP Undergraduate Scholarship Program go to <http://epp.noaa.gov> and for the Hollings Undergraduate Scholarship Program go to <http://www.oesd.noaa.gov> or call (301) 713-9437 ext. 104.
